About OneSpirit Interfaith Foundation:

Founded in London in 1996, the OneSpirit Interfaith Foundation is a UK educational charity offering training to open-hearted adults exploring interfaith ministry, spiritual leadership, sacred activism, ritual, spiritual counselling, and the world's many faith paths. We join in the awakening of an inclusive global spirituality, in ourselves and in the world, through educating and enabling adults to serve people of all faiths in our diverse communities.

Main purpose and responsibilities

The Community Development Lead will act as the first point of contact with OneSpirit ministers, and will be responsible for developing our professional body, ROSIM, strengthening quality assurance, and supporting the development of governance models for our minister community.

Scope of the job

OneSpirit Interfaith Foundation operates across UK and Ireland. We are a remote team, meaning there is no central 'head' office, and all staff work from home. You will report to the Executive Director, and the role will involve close liaison with all other staff and faculty.

This is a home-working post requiring a fast broadband connection and a space suitable to use as a home office. All staff are expected to provide their own IT equipment including a computer suitable for the demands of the role.
